HON. STANLEY MATTHEWS!

The Death of the Associate Justice of the United States Supreme Court This Morning.

WASHINGTON, March 22.—Hon. Stanley Matthews, of Ohio, associate justice of supreme court of the United States, who has been ill for some time past, died at 10:05 o'clock, this morning. He has been quite sick for three weeks, although his original illness dates much further back. For two weeks past his condition has been considered serious.

Dr. Johnson has been in constant attendance on him, and during the latter part of his illness Dr. Lincoln has been in consultation with him.

Last night Justice Matthews was so much worse that Dr. Johnson remained with him during the entire night. He passed away peacefully. All of his family, with the exception of his son, were present at the death scene..

Justice Matthews suffered a great deal during his long illness, but bore his sufferings with remarkable patience and fortitude. He failed rapidly during the past two days and his death was expected at any time during the last twenty-four hours.

The immediate cause of his death was the failure of the secreting function of the kidneys, causing uranic poison.

The funeral services will be held here at 1 p. m. on Monday next, and the remains will leave the city at 3 o'clock on the Baltimore and Ohio railroad for Glendale, the late justice's country residence, near Cincinnati. The interment will take place on Wednesday at Spring Grove cemetery, Cincinnati. Mortimore and Mrs. Cleveland, the son and daughter of the deceased, are on their way here from Cincinnati.

THE SUPREME COURT'S ACTION.

When the supreme court met at noon to-day, the chair which had been occupied by Justice Matthews was draped in black. When the justices had taken their seats and the marshals had opened the court, Chief Justice Fuller announced that the court had heard of the death of Justice Matthews this morning, and that therefore no business would be transacted to-day. The marshal thereupon declared the court adjourned until Tuesday next. No arrangement has been made by the supreme court for the ceremonies incidental to the funeral.

Justice Matthews' brother is here arguing a case before the court, and he is expected to make all arrangements.

Marshal Wright said after the adjournment of the court that no arrangements would be made until the wishes of the family had been ascertained. There were few precedents to guide the court. The last death of an associate justice in office was that of Justice Woods and that occurred so long ago that no one seemed to know what had been done then or what was customary.

IN THE SENATE.

In the senate to-day the chaplain, after prayer, made a feeling reference to the death of Justice Matthews. A note from the chief justice was then laid before the senate, announcing the death of Justice Matthews. Mr. Hoar then said:

"I move, that out of respect to the memory of the eminent magistrate, who, after a judicial service so faithful and so famous, has gone to his rest, the senate do now adjourn."

The motion was agreed to and the senate, at 1:05 o'clock, adjourned until to-morrow.

SKETCH OF HIS LIFE.

Justice Matthews was born in Cincinnati, July 21, 1824. He was graduated at Kenyon college in 1840; studied law and was admitted to the bar, settling in Maury county, Tenn.; he shortly afterward returned to Cincinnati; in 1846 he became editor of the Cincinnati *Herald*, the first daily anti-slavery paper in that city. He became judge of the court of common pleas in Hamilton count in 1851; was state senator in 1855, and in 1856-61 was United States attorney for the southern district of Ohio.

He served with distinction in the Union army during the war, but, resigned his commission as colonel in 1863 to become judge of the superior court of Cincinnati. He was a presidential elector on the Lincoln-Johnson ticket in 1864 and on the Grant-Colfax ticket in 1868.

He was defeated as republican candidate for congress in 1876, and in the next year was one of the counsel before the celebrated electoral commission, opening the argument in behalf of the republican electors of Florida and making the principal argument in the Oregon case. In March, 1877, he was elected United States senator in place of John Sherman, who resigned. In 1881 he was appointed associate justice of the United States supreme court.

THEY HOLD.

Mr. Wanamaker Says a Good Word for Democratic Postmasters.

WASHINGTON, March 22.—Indiana's presidential postmasters can rest reasonably secure in the belief that they will be permitted to serve out their time for which their present commissions call. One of Indiana's congressmen called on the postmaster general to-day and put the question: "Will you remove a postmaster who is an ardent democrat but a capable officer on charges of offensive partisanship?"

"No, I will not," was the answer, "but I will remove officials who permit their partisanship to interfere with their conduct of office, in other words, men who make themselves odious, offensive and objectionable to the patrons of the office, and men who are in the habit of discussing politics on the street when they should be attending to their duties."

Miss Stewart is employed as stenographer and type-writer at the office of the Fort Wayne Jenney electric light works, and is an accomplished and charming lady.

JUDGE GRESHAM!

He Will Probably Take the Mantle Dropped by the Dead Justice—Gossip About the Office Seekers.

WASHINGTON, March 22,—Speculation on the possibility of succession, in the event of Justice Matthews' death, has been quietly indulged in for two weeks, ever since his dangerous condition was known. It is generally believed that President Harrison will appoint Walter Q. Gresham, United States circuit judge, to the place left vacant by Justice Matthews' death.

Judge Gresham was one of General Harrison's opponents before the Chicago convention. He is an Indiana man, although for several years past he has been a resident of Illinois. His reputation as a jurist is of the highest order. If Judge Gresham should be promoted to the supreme bench, Judge Woods, of the United States district court of Indiana, will probably take his place on the circuit, and either John B. Elam, President Harrison's former law partner, or Judge John M. Butler, of Indianapolis, will succeed him.

As a sequence to the appointment of so many new officers to the diplomatic and consular services, there will be a deficiency in the diplomatic and consular appropriation bill for the current fiscal year. The pay of an officer in the foreign service of the United States begins from the day he is sworn in as such, while the salary of his predecessor does not cease until retired.

Several of the newly appointed foreign ministers have already taken the oath and they are as legally entitled to pay as the person they will retire. In nearly every case it will be several months before the new diplomats can formally take charge of the offices to which they are accredited.

Considerable comment has been made about the delay in the nomination of a minister to England, especially as President Harrison has filled several of the important missions. It is now stated that the president has selected the minister to the court of St. James, but will not, for the present, send his name to the senate. The president desires, it is stated, to withhold the nomination until after the arrival here of Sir Julian Pauncefote, the newly appointed British minister, and the presentation of his credentials to the department of state.

This has been another quiet day for the president. The office hunters were not numerous and only one large delegation called. This was from Louisiana and was headed by Coleman. Robert Smalls, the colored ex-congresaman from South Carolina, paid him a brief visit with several of his friends in tow. Congressional callers were as numerous as on previous days.

THE CABINET MEETING.

All the members of the cabinet were present at the session this afternoon. It is understood that the Oklahoma question was under consideration. Secretary Tracy and Postmaster General Wanamaker left the white house at 1:30 o'clock, but the other members remained longer, discussing various matters pertaining to their departments. The Oklahoma bill was freely considered at the meeting and Secretaries Blaine and Noble and Attorney General Miller spent some time discussing it after the other members had left.

Secretary Halford says he cannot give any information respecting the purposes of the president in regard to the issuance of the Oklahoma proclamation, as it is said he will do.

Secretary Noble says that the proclamation of the president opening to settlement the lands in Oklahoma territory will be issued either this afternoon or to-morrow morning.

MONTREAL, Que., March 22.—A cable from Rome says that the pope has decided the long pending fight between Cardinal Tascherau and the Jesuits in favor of the latter, and has ordered the closing of the branch of the Laval university here, thus leaving the Jesuit college masters of the situation.

A. C. PERRIN.

He is Dangerously Hurt by a Runaway Team.

Perrin, who was driving in the same direction, threw him out of the buggy, and dragged him about forty feet. Mr. Perrin is considerably hurt, having exhibited iudications of internal injuries of a serious nature. Dr. McCausland attends the patient.

A PLEASANT SURPRISE.

Is the Marriage of Mr. Wm. Meyer and Miss Ada Neireiter.

Mr. Wm. Meyer, of the firm of Meyer Bros., hatters and gents' furnishers, makes a pleasant announcement to his friends. It is his marriage to Miss Ada Neireiter, long a teacher in the public schools and daughter of Mr. Casper Neireiter.

The wedding, which grew purely out of a love affair, occurred quietly some time ago out of the city, and was only known to the immediate friends of the high contracting parties.

Mr. Meyer is one of the most popular and progressive business men in the city. His bride is a charming girl and the union of two happy hearts and good families cannot fail to be blessed in life.

BUSINESS CHANGE.

The Hoosier Shoe Store Changes Hands—Mr. O. B. Fitch the Purchaser.

Among the business changes noted this year is that in the proprietorship of the Hoosier Shoe Store, it having been purchased by Mr. O. B. Fitch, who has long been favorably known in business circles of this city.

Some ten years ago Mr. Fitch left a situation on the Wabash railroad and engaged in the hat and cap business in this city, in which occupation he continued till a short time ago when he disposed of his interest to the Brothers Meyer.

The hosts of friends he has made in the community is a sufficient comment upon his business methods, and the fact that he has purchased the acknowledged leading shoe store in the city indicates that his success and prosperity as a member of our business community is to be continued.

The Hoosier has no rival in this city, or, in fact, in this part of the state, as a fine shoe store, and its large trade in all classes of goods shows that its lines are broad enough to comprehend the wants of all classes of trade from the cheapest to the finest.

The reputation of the store for absolute fair and square dealing is so well established as to need no comment here, and from our knowledge of the present proprietor we have no hesitation in predicting that their reputation will be more than sustained. We feel that we reflect the sentiment of a very large portion of the community, when we extend to Mr. O. B. Fitch our heartiest good wishes for his success in his new business venture.

Joe Griffith, the boot-black, known to fame as "Joe, the Lion Tamer," was married last evening, by Esquire Harding, to Miss Caroline Schulte, of Chicago. Joe has been married before and so has his bride, who brings to his home a babe in arms. Joe has been around the world three times and looks on life calmly. He dispensed with a wedding tour and settled down to business as usual to-day.

Three of 'Em.

CINCINNATI, March 22.—The committee of one hundred met in secret session this morning, and nominated Daniel Stone, the coal merchant, for mayor in opposition to the regular republican and democratic candidates. The committee endorsed candidates from each party.

A Double Hanging.

MINNEAPOLIS, March 22.—Timothy and Peter Barrett were hanged here to-day for the murder of Thomas Tolliffson July 26, 1887. The drop fell at 11:13 a. m.

A Drunken Brute.

CINCINNATI, March 22.—Pat Trainor, a drunken carpenter, drew a red-hot poker from the fire and thrust it through his wife's jaw, seriously injuring her.

At the Rich hotel E. W. Attland, South Bend; John S. Jolly, Frankfort, Ind.; W. E. Yeager, Lima, Ind.; Geo. Cox, Richmond, Ind.; J. Beach, E. B. Ensworth, F. B. Crosby, Toledo, Ohio, are registered.

Fun and amusement for the million at the Carnival to-night.

DOVER'S CITY HALL.

With Its Magnificent Opera House, Falls a Victim to the Fire Demon—The Flame's Work Elsewhere.

DOVER, N. H., March 22.—The city hall building here was totally destroyed by fire, at 2:30 this morning. The building contained many city and county offices, the high school, the cadets' armory and the city opera house, the last with a seating capacity of 1,000.

The steeple of the Belnap church was burned, and several other buildings were damaged. Several firemen were seriously injured. The city hall was built at a cost of $71,000.

OMAHA, Neb., March 22.—The livery stable belonging to Gordon & Warner, at Newport, Neb., burned about midnight. J. B. Gordon, one of the proprietors, and eight horses perished in the flames. The fire is supposed to have been incendiary.

LEBANON, N. H., March 22.—M. L. Stearn's snath and rake shop was burned last night. Loss, $15,000; insurance, $10,000.

ITHICA, N. Y., March 22.—The brick block known as Young's hall, at Candor, was burned this morning. Loss, $15,000; insurance, $9,000. The fire was undoubtedly the work of an incendiary.

Booth and Barrett.

ROCHESTER, N. Y., March 22.—The sale of seats to-day for Booth & Barrett's engagement was the largest in the history of Rochester. Nearly $40,000 worth of sales were disposed of.

IT IS A SUCCESS.

The Carnival Given by the Ladies of the Second Presbyterian Church Grows in Interest Each Night.

The ladies' carnival at the Second Presbyterian church is proving a grand success, and is growing in interest and attendance with each evening. Last night the room was crowded, the receipts at the door being larger than on any previous night, and everybody enjoyed themselves.

The ladies in charge of the booths wore their sweetest smiles and seemed lovelier than ever, as they sold their wares to the crowds who at all times surrounded the booths.

Messrs. Demassellis and Lapetina discoursed many numbers of their excellent music, among them having been the "Mocking Bird," the rendition of which was loudly applauded. A number of articles were also sold at auction, and more will be disposed of in the same manner this evening.

The celebrated Fort Wayne Rifles will furnish the entertainment this evening. They have arranged a number of beautiful tableaux, which will repay a visit. Among those presented will be: "The Soldier's Dream," "Scene at the Ford," "Death of General Reynolds," "The Contested Gun," "Reconciliation" and "Early Morning in Camp."

Dinner was served to-day to a large number, and to-morrow the ladies promise one of the best feasts of the week.

To-morrow night Corporal Evans, of the Fort Wayne Rifles, will give an independent lightning drill at the carnival, and a jubilee male quartet will also appear.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, MARCH 22, 1889.

TWENTY millions have been spent on the capitol at Albany, N. Y., and the legislature is asked for $2,500,000 to put on the finishing touches and make repairs.

ANDREW CARNEGIE praises the iron and mining plants in the south as of the most modern types, and declares that in future Pennsylvania must regard the "land of cotton" as her most formidable industrial competitor.

MR. WALLACE, the new postmaster at Indianapolis, who was nominated less than a week ago, has received nearly fifteen hundred applications for positions. An average of two hundred petitions a day have been filed, and Mr. Wallace is a spoilsman of the purest type.

THE Indiana Civil Service Reform association is in a flourishing condition. Since its last annual meeting, about two months ago, it has gained sixty new members. Civil service reform leaps into favor at every change of administration. It tends to keep some people in office and others out.

IN accordance with instructions from the governor the state auditor has determined to issue no warrants for the pay of the heads or employes of the statistical, health or geological departments until the courts settle the question as to whether the legislature has the constitutional right to elect officers.

D. S. ALEXANDER, of Buffalo, N. Y., who acted as secretary to President Harrison a few weeks last summer, and formerly edited the *Gazette*, will probably be appointed district attorney for the northern district of New York, although the senators from that state have recommended another man.

THE supreme court of the United States has rendered a decision which will be of interest to tax payers. The supreme court decides that greenbacks must be held one year prior to the time that the assessor makes up his list to be entirely exempt from taxation. If they are held six months they are taxed one-half their value, if for one month they are taxed at one-twelfth their value, and proportionately for any other portion of the year.

THE Indiana republicans in congress will hereafter require the republicans in cities and towns where postmasters are to be appointed to unite upon one candidate in each instance. It seems to be the custom for everybody to sign the indorsements of all applicants and then throw the responsibility upon the power which must determine who shall be recommended to the postmaster general for appointment, and all who are disappointed blame the congressmen instead of the republicans who have played double.

MR. JOSEPH C. VANDOLAH, who represented Dearborn county in the late legislature, has come out for congress against Mr. Holman. Mr. C. R. Faulkner, who distinguished himself as a state senator in 1883-5, but who has since been assisting General Black in running the pension office, will also be formidable candidate. Mr. Faulkner is a great admirer of Senator Voorhees, and at Washington, in the Indiana circle, is known as "Me and Dan."

THE house journal, said to be the longest in the history of Indiana legislatures, has been completed and filed with the secretary of state by Assistant Clerk Crawley, who, with the assistance of three of the house clerks, has been engaged in the work since the adjournment of the general assembly. The journal embraces the evidence taken by the insane hospital investigating committee, which will make several hundred pages. It will be necessary, it is thought, to make two volumes of the report of proceedings. In one appendix to the journal a statement of the expenditures of the house is given. It shows that the total for the session was $66,276.21, while two years ago the amount was $64,212.73.

IT was discovered at Indianapolis, yesterday, that the enacting clause of house bill No. 454 had been left out in the enrollment. It will be remembered that this bill, which was drafted by the Federation of Miners for the protection of the mining operatives, was opposed by a powerful lobby. Every step of its progress in the legislature was vigorously contested. It was entitled "an act to provide for the weighing of coal at the mines, to provide for a uniform screen for screening coal, to provide for the better ventilation of coal mines, to provide protection to workmen, to provide for furnishing timber posts and caps for the use of miners, defining certain misdemeanors and fixing penalties for the violation thereof and repealing all laws in conflict therewith." Containing the provisions most desired by the mining operatives, they looked after it carefully and on more than one occasion prevented its mutilation or destruction. Now it transpires that the enrolling clerk omitted the enacting clause and thereby renders the bill null and void. There is no doubt but the rascally clerk was bribed by the coal syndicate to do the work, but the wrath of every honest man in the state ought to be upon him until shame drives him to a dishonored grave.

THE Muncie natural gas boomers have "no flies on 'em," quoting a republican campaign phrase. For over a year they have maintained a department of "burn outs." The person in charge of this branch of the boom business is to watch for fires occurring in any part of the United States and Canada. As soon as they learn of a factory being on fire they telegraph the proprietors to visit Muncie before rebuilding, at the same time offering them free land and gas and exemption from taxation for twenty years. If the burned-out manufacturer comes, his traveling expenses are paid. It is said that Mr. J. H. Rice is the promoter of this branch of Muncie's industries.

THE *Gazette*, in its zeal to serve its party, may lose the confidence of honest men. Its criticisms and the criticisms of its correspondents on the city government tend to make the reform movement ridiculous and partisan. THE SENTINEL has not hesitated to complain of and condemn the manner in which the Sabbath and some other laws are ignored and the course pursued by the executive officers, but no one can truthfully assert that the business affairs, the finances, and the clerical departments of the city are not well and honestly handled. The books, records, and affairs of the city all through are as open as sunlight and as clean, for that matter. Let us have honor and honesty in municipal politics. Let us condemn what is bad and praise what is good, then better results will be attained. This is fair.

MR. MASON LONG.

He is Talking to the People on the Golden Shores of California.

The Red Cliff (Cal.) *Sentinel* says:

"Mason Long, the reformed gambler and drunkard, lectured last evening in the M. E. church South to a crowded house. His subject was 'Social Evils,' but he devoted the most of his time to a brief sketch of his own life, and dwelt at length on the evil results of dancing. Mr. Long is a man about forty-years old, fine physique, well poised head on broad shoulders, and has wonderful command of plain English for one who never went to school but five months in his life. He is a fluent speaker, is possessed of graphic and forcibly descriptive powers. He talks in earnest, and forces conviction into the hearts and minds of his audience, that he is telling plain unvarnished truths.

"During the recital of the incidents of the love scene, the elopement, marriage and death of two beautiful and accomplished girls, one the dupe of a gambler and the other a victim of an unholy passion, many eyes were wet with tears and every one in the house was visibly affected. No one can judge of the man or his addresses by reading the most graphic reports of his speeches."

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

The machine for grading and ditching, invented by Mr. Frank Sholes, was successfully tested the other day, at Huntington, and in it Frank has a fortune. The heft of the draught was found to be six horse power and with three teams attached, the machine handled the ground with a perfection and speed that was simply wonderful. A steel scoop cuts the ground, places it on an elevator which deposits at a proper distance on either side, as may the pleasure of the operator. The ground rolls through the machine like straw through a separator. It will work anywhere that a plow will and weighs about 2,000 pounds. The capacity of the grader is from 150 to 200 cubic yards per hour.

Remarkable Surgery.

The science of surgery has made such wonderful progress in modern times, that the most intricate and delicate operations are now undertaken and carried to a successful issue. There are now several well authenticated cases of what is known as pheumotony, that is to say, the removal of deceased portions of the lungs in cases of consumption. While, however, this delicate operation has sometimes been successfully performed, the risks attending it are so great, and the chances of recovery so slight, that it is seldom resorted to. The safest plan in consumptive cases is to use Dr. Pierce's Golden Medical Discovery. This will always cure the disease in its earlier stages, thoroughly arresting the ravages of the terrible malady, by removing its cause and healing the lungs.

At the Rich hotel E. W. Attland, South Bend; John S. Jolly, Frankfort, Ind.; W. E. Yeager, Lima, Ind.; Geo. Cox, Richmond, Ind.; J. Beach, E. B. Ensworth, F. B. Crosby, Toledo, Ohio, are registered.

A Sensible Man.

Would use Kemp's Balsam for the throat and Lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles, than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merit of this great remedy. Large bottles 50c and $1.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

GOSSIP AS GATHERED

Around the Railroads and Busy Centers of the City Told in Our Reporter's Own Way.

The Bass works are making new iron doors for their core room oven.

The Jarbeau company went to Lafayette this morning on the Wabash.

John Rienmeyer is now conducting the repair blacksmith shop for the Bass moulding rooms.

Thomas C. Rogers, secretary and treasurer of the Olds wheel works, went to New York last evening.

The Wabash railway will change time Sunday. The time of passenger trains will not be materially affected.

Three of the children of Fred F. Vodde, moulder at the Bass works, are quite ill with whooping cough.

General Traveling Agent Callahan, of the Nickel Plate, was in the city yesterday, en route from Chicago to Cleveland.

M. W. Lauer, of the Olds works, is making a mammoth covering for one of the wagons of the establishment. It is sixteen feet long.

The Grand Rapids and Indiana Railroad company did not purchase the water power at Rome City, and its sale is open for negotiation.

The Olds wheel works have sunk a new drive well in their yards for the purpose of supplying the boilers at the establishment with water.

Lewis Seibt, machinist at the Bass works, has returned from Bloomington, Ill., where he has been for a few months superintending some work for the firm.

The street running along the south side of the Wabash railroad, from the Olds wheel works and extending past the Bass works, is known as Toledo street.

James Hewes, the foreman of the Pittsburg boiler shops, who has been afflicted with rheumatism for so long, is able to be at the shops for a few hours each day.

Agent C. H. Newton, of the Wabash, has a beautiful advertisement of the company, in the shape of a gilded star and crescent hanging over his desk, at the freight office.

Frank Luley, foreman of the pattern department of the Fort Wayne iron works, is doing honors over the arrival of a pretty baby boy at his home, on East Jefferson street.

The boys at the Pittsburg blacksmith shops sang a song and chorus entitled, "Poor Pussy is Dead," when our reporter passed through their department this morning. The song was a grand one, but mournful.

Charles H. Hilton, superintendent of the arc department of the Fort Wayne Jenney Electric Light company, will remain with the company whose material interests he has so largely assisted in developing. Mr. Hilton is a good man for the place.

The Fort Wayne furniture company has lately filled some surprisingly big orders. Car loads of folding beds have been shipped to Syracuse, N. Y., and Seattle, Washington Territory, and a half car load will be sent within a week to Kansas City.

Mr. W. McK. Pardee, the division engineer, or Mr. S. K. Blair, the master of transportation of the Nickel Plate, will probably be made superintendent of the Nickel Plate if Mr. C. D. Gorham resigns that position to accept the superintendency of the Lake Shore.

Mr. Rudolph Hilgemann, the car repairer of the Wabash railway, was very pleasantly surprised last evening, by the St. John's church choir, of which he is member. The occasion was his 33d birthday. The evening was spent in social amusement, a grand supper being served, and at a late hour the company dispersed. Mr. Hilgemann was presented with a handsome hanging lamp by his friends.

H. C. DeHaven, of the Pittsburg car shops, who will be remembered as "the man with the loud voice," whose yell could be heard for miles around in the democratic processions during the late lamentable campaign, has received a letter from President Harrison, saying that he can have the janitorship at the government building, in this city, if he wants it. "Harrison," for that is Mr. DeHaven's first name, is thinking about the offer.

The Pennsylvania Railroad company have given notice of an important change in its ticket selling arrangements. On and after Monday next special tickets will be placed on sale for the use of parties. Ten or more persons in a party will be carried on one ticket at the rate of 2 cents per mile per capita. The present rate is 3 cents per mile without regard to the number of persons carried. The privilege is extended over the entire system of the road east of Pittsburg and Erie. The rate is the same as that allowed theatrical parties, and has heretofore been restricted to that class of passengers.

Dr. Flock, who is a familiar figure, and who is well known professionally by all the boys at the Pittsburg shops, was the attending physician of "Poor Pussy" during her last sickness and death. His remedy is invariably snuff, but in his last case the medicine did not seem to be adapted to the patient. The boys also want us to say that J. H. Sloan (Jim) was present at pussy's funeral, and that Peter Harber acted as minister.

Boils, pimples, hives, ringworms, tetter, and all other manifestations of impure blood are cured by Hood's Sarsaparilla.

JUDGE HENCH.

He is to be Succeeded by a Hungry Politician From Ohio.

The Washington *Critic* says:

"On yesterday the second installment of the war claim of the state of Oregon, filed against the United States, for money paid on account of the military forces in Oregon during the war of the rebellion, in the sum of $395,820, was disallowed and rejected by the law and miscellaneous division of the second comptroller's office. This action was approved by the Hon. Sigourney Butler, comptroller. During the past thirty days claims amounting to nearly a million dollars have been adjudicated by this division. Judge S. M. Hench, of Fort Wayne, Ind., who is the chief of this division, will be succeeded by a republican ex-judge from Ohio."

Pond's Extract has the Power to heal

The aches and pains and wounds we feel;
For forty years has stood the test,
And ranks for general use the best.
Ask every grandmother, mother and wife
What medicine best they've known all their life,
You will find that the popular verdict will be:
"O, give me POND'S EXTRACT! POND'S EXTRACT for me."

F. P. Snyder, a detective from Jackson, Mich., passed through the city today, having in charge E. D. Wooley, of that city, whom he arrested near St. Louis, Mo., on a charge of forgery.

A Great Surprise.

Is in store for all those who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute pain or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50c and $1.

He left the house shortly after noon and about 3 o'clock his lifeless form was found. Rev. A. K. Zartman, the pastor of the Grace church, was to have had a chicken for dinner at his home to-day, but no fowl graced his table and this is the reason: Last evening he purchased a nice fat hen, and as he was leisurely walking home with it in his hands, her henship escaped and all the efforts of the clerical gentleman to capture it were in vain. THE SENTINEL reporter happened along just after the fowl's escape, but even a newspaper reporter and a minister together were unequal to the task of catching the runaway, which probably ere this is housed in somebody's hen coop, who, when their eyes reads this item, will hasten to restore the lost to its owner, so that a chicken dinner may await the pastor when he returns from preaching his next Sunday morning's sermon.

Misfits!

What Are They?

In answer to the question: "What are Misfits?" we offer a few words of explanation. They are simply goods left on Merchant tailors hands for the reason they did not fit the parties originally intended for, or because they were not called for.

Where Do You Get Them?

This question is asked of us innumerable times. To this we also offer a few words of explanation. We have five men employed, who are constantly visiting the principal cities of this country, and buying up from the leading tailors any MISFIT or UNCALLED FOR garments they may have. These goods are purchased so we are enabled to sell them for ONE HALF there original measured price. They are cut in the latest style and in any shape shown on the fashion plate, and are made from the very finest of imported and domestic fabrics. They consist of Prince Alberts, Three and Four Button Cutaways, Sacks and Full Dress Suits. Further comment is unnecessary. Call and convince yourself. We append below our price list as a guide.

HON. STANLEY MATTHEWS!

The Death of the Associate Justice of the United States Supreme Court This Morning.

WASHINGTON, March 22.—Hon. Stanley Matthews, of Ohio, associate justice of supreme court of the United States, who has been ill for some time past, died at 10:05 o'clock, this morning. He has been quite sick for three weeks, although his original illness dates much further back. For two weeks past his condition has been considered serious.

Dr. Johnson has been in constant attendance on him, and during the latter part of his illness Dr. Lincoln has been in consultation with him.

Last night Justice Matthews was so much worse that Dr. Johnson remained with him during the entire night. He passed away peacefully. All of his family, with the exception of his son, were present at the death scene.

Justice Matthews suffered a great deal during his long illness, but bore his sufferings with remarkable patience and fortitude. He failed rapidly during the past two days and his death was expected at any time during the last twenty-four hours.

The immediate cause of his death was the failure of the secreting function of the kidneys, causing uramic poison.

The funeral services will be held here at 1 p. m. on Monday next, and the remains will leave the city at 3 o'clock on the Baltimore and Ohio railroad for Glendale, the late justice's country residence, near Cincinnati. The interment will take place on Wednesday at Spring Grove cemetery, Cincinnati. Mortimore and Mrs. Cleveland, the son and daughter of the deceased, are on their way here from Cincinnati.

THE SUPREME COURT'S ACTION.

When the supreme court met at noon to-day, the chair which had been occupied by Justice Matthews was draped in black. When the justices had taken their seats and the marshals had opened the court, Chief Justice Fuller announced that the court had heard of the death of Justice Matthews this morning, and that therefore no business would be transacted to-day. The marshal thereupon declared the court adjourned until Tuesday next. No arrangement has been made by the supreme court for the ceremonies incidental to the funeral.

Justice Matthews' brother is here arguing a case before the court, and he is expected to make all arrangements.

Marshal Wright said after the adjournment of the court that no arrangements would be made until the wishes of the family had been ascertained. There were few precedents to guide the court. The last death of an associate justice in office was that of Justice Woods and that occurred so long ago that no one seemed to know what had been done then or what was customary.

IN THE SENATE.

In the senate to-day the chaplain, after prayer, made a feeling reference to the death of Justice Matthews. A note from the chief justice was then laid before the senate, announcing the death of Justice Matthews. Mr. Hoar then said:

"I move, that out of respect to the memory of the eminent magistrate, who, after a judicial service so faithful and so famous, has gone to his rest, the senate do now adjourn."

The motion was agreed to and the senate, at 1:05 o'clock, adjourned until to-morrow.

SKETCH OF HIS LIFE.

Justice Matthews was born in Cincinnati, July 21, 1824. He was graduated at Kenyon college in 1840; studied law and was admitted to the bar, settling in Maury county, Tenn.; he shortly afterward returned to Cincinnati; in 1846 he became editor of the Cincinnati *Herald*, the first daily anti-slavery paper in that city. He became judge of the court of common pleas in Hamilton count in 1851; was state senator in 1855, and in 1856-61 was United States attorney for the southern district of Ohio.

He served with distinction in the Union army during the war, but, resigned his commission as colonel in 1863 to become judge of the superior court of Cincinnati. He was a presidential elector on the Lincoln-Johnson ticket in 1864 and on the Grant-Colfax ticket in 1868.

He was defeated as republican candidate for congress in 1876, and in the next year was one of the counsel before the celebrated electoral commission, opening the argument in behalf of the republican electors of Florida and making the principal argument in the Oregon case. In March, 1877, he was elected United States senator in place of John Sherman, who resigned. In 1881 he was appointed associate justice of the United States supreme court.

THEY HOLD.

Mr. Wanamaker Says a Good Word for Democratic Postmasters.

WASHINGTON, March 22.—Indiana's presidential postmasters can rest reasonably secure in the belief that they will be permitted to serve out their time for which their present commissions call. One of Indiana's congressmen called on the postmaster general to-day and put the question: "Will you remove a postmaster who is an ardent democrat but a capable officer on charges of offensive partisanship?"

"No, I will not," was the answer, "but I will remove officials who permit their partisanship to interfere with their conduct of office, in other words, men who make themselves odious, offensive and objectionable to the patrons of the office, and men who are in the habit of discussing politics on the street when they should be attending to their duties."

The will of the late Cynthia C. Kirkwood, of Black Hawk county, Iowa, was filed to-day, in the circuit court. Mrs. Kirkwood is one of the Fletcher heirs and owns considerable property in the eastern part of town. She leaves her property to her husband and other heirs.

It is announced that Editor J. W. French, of the Lafayette *Journal*, and a director for the prison north, will wed Miss Mattie Stewart, of 116 Jackson street, April 24. Miss Stewart is employed as stenographer and type-writer at the office of the Fort Wayne Jenney electric light works, and is an accomplished and charming lady.

JUDGE GRESHAM!

He Will Probably Take the Mantle Dropped by the Dead Justice—Gossip About the Office Seekers.

WASHINGTON, March 22.—Speculation on the possibility of succession, in the event of Justice Matthews' death, has been quietly indulged in for two weeks, ever since his dangerous condition was known. It is generally believed that President Harrison will appoint Walter Q. Gresham, United States circuit judge, to the place left vacant by Justice Matthews' death.

Judge Gresham was one of General Harrison's opponents before the Chicago convention. He is an Indiana man, although for several years past he has been a resident of Illinois. His reputation as a jurist is of the highest order. If Judge Gresham should be promoted to the supreme bench, Judge Woods, of the United States district court of Indiana, will probably take his place on the circuit, and either John B. Elam, President Harrison's former law partner, or Judge John M. Butler, of Indianapolis, will succeed him.

As a sequence to the appointment of so many new officers to the diplomatic and consular services, there will be a deficiency in the diplomatic and consular appropriation bill for the current fiscal year. The pay of an officer in the foreign service of the United States begins from the day he is sworn in as such, while the salary of his predecessor does not cease until retired.

Several of the newly appointed foreign ministers have already taken the oath and they are as legally entitled to pay as the person they will retire. In nearly every case it will be several months before the new diplomats can formally take charge of the offices to which they are accredited.

Considerable comment has been made about the delay in the nomination of a minister to England, especially as President Harrison has filled several of the important missions. It is now stated that the president has selected the minister to the court of St. James, but will not, for the present, send his name to the senate. The president desires, it is stated, to withhold the nomination until after the arrival here of Sir Julian Pauncefote, the newly appointed British minister, and the presentation of his credentials to the department of state.

This has been another quiet day for the president. The office hunters were not numerous and only one large delegation called. This was from Louisiana and was headed by Coleman. Robert Smalls, the colored ex-congressman from South Carolina, paid him a brief visit with several of his friends in tow. Congressional callers were as numerous as on previous days.

THE CABINET MEETING.

All the members of the cabinet were present at the session this afternoon. It is understood that the Oklahoma question was under consideration. Secretary Tracy and Postmaster General Wanamaker left the white house at 1:30 o'clock, but the other members remained longer, discussing various matters pertaining to their departments. The Oklahoma bill was freely considered at the meeting and Secretaries Blaine and Noble and Attorney General Miller spent some time discussing it after the other members had left.

Secretary Halford says he cannot give any information respecting the purposes of the president in regard to the issuance of the Oklahoma proclamation, as it is said he will do.

Secretary Noble says that the proclamation of the president opening to settlement the lands in Oklahoma territory will be issued either this afternoon or to-morrow morning.

POPE LEO XIII.

Decides the Long Pending Fight Between a Cardinal and the Jesuits.

MONTREAL, Que., March 22.—A cable from Rome says that the pope has decided the long pending fight between Cardinal Taschereau and the Jesuits in favor of the latter, and has ordered the closing of the branch of the Laval university here, thus leaving the Jesuit college masters of the situation.

Attempted Suicide.

CINCINNATI, March 22.—James R. Croak, a wealthy coal merchant of Altamont, Ky., made repeated attempts to butt his brains out in his room, in the Palace hotel, and is now dying. Business cares deranged him.

Gets the Place.

NEW YORK, March 22.—R. O. Jackson has been appointed superintendent of the railway mail service at the general postoffice, in place of Mr. Doolittle.

A. C. PERRIN.

He is Dangerously Hurt by a Runaway Team.

A team of Texas ponies ran away at 11:30 o'clock, this morning, on East Wayne street. They collided with A. C. Perrin, who was driving in the same direction, threw him out of the buggy, and dragged him about forty feet. Mr. Perrin is considerably hurt, having exhibited indications of internal injuries of a serious nature. Dr. McCausland attends the patient.

A PLEASANT SURPRISE.

To the Marriage of Mr. Wm. Meyer and Miss Ada Neiweiter.

Mr. Wm. Meyer, of the firm of Meyer Bros., hatters and gents' furnishers, makes a pleasant announcement to his friends. It is his marriage to Miss Ada Neiweiter, long a teacher in the public schools and daughter of Mr. Casper Neiweiter.

The wedding, which grew purely out of a love affair, occurred quietly some time ago out of the city, and was only known to the immediate friends of the high contracting parties.

Mr. Meyer is one of the most popular and progressive business men in the city. His bride is a charming girl and the union of two happy hearts and good families cannot fail to be blessed in life.

BUSINESS CHANGE.

The Hoosier Shoe Store Changes Hands—Mr. O. B. Fitch the Purchaser.

Among the business changes noted this year is that in the proprietorship of the Hoosier Shoe Store, it having been purchased by Mr. O. B. Fitch, who has long been favorably known in business circles of this city.

Some ten years ago Mr. Fitch left a situation on the Wabash railroad and engaged in the hat and cap business in this city, in which occupation he continued till a short time ago when he disposed of his interest to the Brothers Meyer.

The hosts of friends he has made in the community is a sufficient comment upon his business methods, and the fact that he has purchased the acknowledged leading shoe store in the city indicates that his success and prosperity as a member of our business community is to be continued.

The Hoosier has no rival in this city, or, in fact, in this part of the state, as a fine shoe store, and its large trade in all classes of goods shows that its lines are broad enough to comprehend the wants of all classes of trade from the cheapest to the finest.

The reputation of the store for absolute fair and square dealing is so well established as to need no comment here, and from our knowledge of the present proprietor we have no hesitation in predicting that their reputation will be more than sustained. We feel that we reflect the sentiment of a very large portion of the community, when we extend to Mr. O. B. Fitch our heartiest good wishes for his success in his new business venture.

Joe Griffith, the boot-black, known to fame as "Joe, the Lion Tamer," was married last evening, by Esquire Harding, to Miss Caroline Schulte, of Chicago. Joe has been married before and so has his bride, who brings to his home a babe in arms. Joe has been around the world three times and looks on life calmly. He dispensed with a wedding tont and settled down to business as usual to-day.

Three of 'Em.

CINCINNATI, March 22.—The committee of one hundred met in secret session this morning, and nominated Daniel Stone, the coal merchant, for mayor in opposition to the regular republican and democratic candidates. The committee endorsed candidates from each party.

A Double Hanging.

MINNEAPOLIS, March 22.—Timothy and Peter Barrett were hanged here to-day for the murder of Thomas Tollifson July 26, 1887. The drop fell at 11:13 a. m.

A Drunken Brute.

CINCINNATI, March 22.—Pat Trainor, a drunken carpenter, drew a red-hot poker from the fire and thrust it through his wife's jaw, seriously injuring her.

At the Rich hotel E. W. Attland, South Bend; John S. Jolly, Frankfort, Ind.; W. E. Yenger, Lima, Ind.; Geo. Cox, Richmond, Ind.; J. Beach, E. B. Ensworth, F. B. Crosby, Toledo, Ohio, are registered.

Fun and amusement for the million at the Carnival to-night.

DOVER'S CITY HALL,

With Its Magnificent Opera House, Falls a Victim to the Fire Demon—The Flames Work Elsewhere.

DOVER, N. H., March 22.—The city hall building here was totally destroyed by fire, at 2:30 this morning. The building contained many city and county offices, the high school, the cadets' armory and the city opera house, the last with a seating capacity of 1,000.

The steeple of the Belnap church was burned, and several other buildings were damaged. Several firemen were seriously injured. The city hall was built at a cost of $71,000.

OMAHA, Neb., March 22.—The livery stable belonging to Gordon & Warner, at Newport, Neb., burned about midnight. J. B. Gordon, one of the proprietors, and eight horses perished in the flames. The fire is supposed to have been incendiary.

LEBANON, N. H., March 22.—M. L. Stearn's sash and rake shop was burned last night. Loss, $15,000; insurance, $10,000.

ITHICA, N. Y., March 22.—The brick block known as Young's hall, at Candor, was burned this morning. Loss, $15,000; insurance, $9,000. The fire was undoubtedly the work of an incendiary.

Booth and Barrett.

ROCHESTER, N. Y., March 22.—The sale of seats to-day for Booth & Barrett's engagement was the largest in the history of Rochester. Nearly $40,000 worth of sales were disposed of.

IT IS A SUCCESS.

The Carnival Given by the Ladies of the Second Presbyterian Church Grows in Interest Each Night.

The ladies' carnival at the Second Presbyterian church is proving a grand success, and is growing in interest and attendance with each evening. Last night the room was crowded, the receipts at the door being larger than on any previous night, and everybody enjoyed themselves.

The ladies in charge of the booths were their sweetest smiles and seemed lovelier than ever, as they sold their wares to the crowds who at all times surrounded the booths.

Messrs. Bonnesellis and Lapetina discoursed many numbers of their excellent music, among them having been the "Mocking Bird," the rendition of which was loudly applauded. A number of articles were also sold at auction, and more will be disposed of in the same manner this evening.

The celebrated Fort Wayne Rifles will furnish the entertainment this evening. They have arranged a number of beautiful tableaux, which will repay a visit. Among those presented will be: "The Soldier's Dream," "Scene at the Ford," "Death of General Reynolds," "The Contested Gun," "Reconcilation" and "Early Morning in Camp."

Dinner was served to-day to a large number, and to-morrow the ladies promise one of the best feasts of the week.

To-morrow night Corporal Evans, of the Fort Wayne Rifles, will give an independent lightning drill at the carnival, and a jubilee male quartet will also appear.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, MARCH 22, 1889.

TWENTY millions have been spent on the capitol at Albany, N. Y., and the legislature is asked for $2,500,000 to put on the finishing touches and make repairs.

ANDREW CARNEGIE praises the iron and mining plants in the south as of the most modern types, and declares that in future Pennsylvania must regard the "land of cotton" as her most formidable industrial competitor.

MR. WALLACE, the new postmaster at Indianapolis, who was nominated less than a week ago, has received nearly fifteen hundred applications for positions. An average of two hundred petitions a day have been filed, and Mr. Wallace is a spoilsman of the purest type.

THE Indiana Civil Service Reform association is in a flourishing condition. Since its last annual meeting, about two months ago, it has gained sixty new members. Civil service reform leaps into favor at every change of administration. It tends to keep some people in office and others out.

IN accordance with instructions from the governor the state auditor has determined to issue no warrants for the pay of the heads or employes of the statistical, health or geological departments until the courts settle the question as to whether the legislature has the constitutional right to elect officers.

D. S. ALEXANDER, of Buffalo, N. Y., who acted as secretary to President Harrison a few weeks last summer, and formerly edited the *Gazette*, will probably be appointed district attorney for the northern district of New York, although the senators from that state have recommended another man.

THE supreme court of the United States has rendered a decision which will be of interest to tax payers. The supreme court decides that greenbacks must be held one year prior to the time that the assessor makes up his list to be entirely exempt from taxation. If they are held six months they are taxed one-half their value, if for one month they are taxed at one-twelfth their value, and proportionately for any other portion of the year.

THE Indiana republicans in congress will hereafter require the republicans in cities and towns where postmasters are to be appointed to unite upon one candidate in each instance. It seems to be the custom for everybody to sign the indorsements of all applicants and then throw the responsibility upon the power which must determine who shall be recommended to the postmaster general for appointment, and all who are disappointed blame the congressman instead of the republicans who have played double.

MR. JOSEPH C. VANDOLAH, who represented Dearborn county in the late legislature, has come out for congress against Mr. Holman. Mr. C. B. Faulkner, who distinguished himself as a state senator in 1883-5, but who has since been assisting General Black in running the pension office, will also be formidable candidate. Mr. Faulkner is a great admirer of Senator Voorhees, and at Washington, in the Indiana circle, is known as "Me and Dan."

THE house journal, said to be the longest in the history of Indiana legislatures, has been completed and filed with the secretary of state by Assistant Clerk Crawley, who, with the assistance of three of the house clerks, has been engaged in the work since the adjournment of the general assembly. The journal embraces the evidence taken by the insane hospital investigating committee, which will make several hundred pages. It will be necessary, it is thought, to make two volumes of the report of proceedings. In one appendix to the journal a statement of the expenditures of the house is given. It shows that the total for the session was $66,276.21, while two years ago the amount was $64,212.73.

IT was discovered at Indianapolis, yesterday, that the enacting clause of house bill No. 454 had been left out in the enrollment. It will be remembered that this bill, which was drafted by the Federation of Miners for the protection of the mining operatives, was opposed by a powerful lobby. Every step of its progress in the legislature was vigorously contested. It was entitled "an act to provide for the weighing of coal at the mines, to provide for a uniform screen for screening coal, to provide for the better ventilation of coal mines, to provide protection to workmen, to provide for furnishing timber posts and caps for the use of miners, defining certain misdemeanors and fixing penalties for the violation thereof and repealing all laws in conflict therewith." Containing the provisions most desired by the mining operatives, they looked after it carefully and on more than one occasion prevented its mutilation or destruction. Now it transpires that the enrolling clerk omitted the enacting clause and thereby renders the bill null and void. There is no doubt but the rascally clerk was bribed by the coal syndicate to do the work, but the wrath of every honest man in the state ought to be upon him until shame drives him to a dishonored grave.

THE Muncie natural gas boomers have "no flies on 'em," quoting a republican campaign phrase. For over a year they have maintained a department of "burn outs." The person in charge of this branch of the boom business is to watch for fires occurring in any part of the United States and Canada. As soon as they learn of a factory being on fire they telegraph the proprietors to visit Muncie before rebuilding, at the same time offering them free land and gas and exemption from taxation for twenty years. If the burned-out manufacturer comes, his traveling expenses are paid. It is said that Mr. J. H. Rice is the promoter of this branch of Muncie's industries.

THE *Gazette*, in its zeal to serve its party, may lose the confidence of honest men. Its criticisms and the criticisms of its correspondents on the city government tend to make the reform movement ridiculous and partisan. THE SENTINEL has not hesitated to complain of and condemn the manner in which the Sabbath and some other laws are ignored and the course pursued by the executive officers, but no one can truthfully assert that the business affairs, the finances, and the clerical departments of the city are not well and honestly handled. The books, records, and affairs of the city all through are as open as sunlight and as clean, for that matter. Let us have honor and honesty in municipal politics. Let us condemn what is bad and praise what is good, then better results will be attained. This is fair.

MR. MASON LONG.

He is Talking to the People on the Golden Shores of California.

The Red Cliff (Cal.) *Sentinel* says:

"Mason Long, the reformed gambler and drunkard, lectured last evening in the M. E. church South to a crowded house. His subject was 'Social Evils,' but he devoted the most of his time to a brief sketch of his own life, and dwelt at length on the evil results of dancing. Mr. Long is a man about forty-years old, fine physique, well poised head on broad shoulders, and has wonderful command of plain English for one who never went to school but five months in his life. He is a fluent speaker, is possessed of graphic and forcibly descriptive powers. He talks in earnest, and forces conviction into the hearts and minds of his audience, that he is telling plain unvarnished truths.

"During the recital of the incidents of the love scene, the elopement, marriage and death of two beautiful and accomplished girls, one the dupe of a gambler and the other a victim of an unholy passion, many eyes were wet with tears and every one in the house was visibly affected. No one can judge of the man or his addresses by reading the most graphic reports of his speeches."

John Bartels to build a one-story brick building on lot 44, Hanna's addition, to cost $1,000.

W. D. Kyle to build an addition to the frame house on corner of Kansas and Chicago streets, to cost $20.

C. Jourdain to build a one-story frame house on lot 40, McCulloch's addition, to cost $450.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

The machine for grading and ditching, invented by Mr. Frank Sholes, was successfully tested the other day, at Huntington, and in it Frank has a fortune. The heft of the draught was found to be six horse power and with three teams attached, the machine handled the ground with a perfection and speed that was simply wonderful. A steel scoop cuts the ground, places it on an elevator which deposits at a proper distance on either side, as may the pleasure of the operator. The ground rolls through the machine like straw through a separator. It will work anywhere that a plow will and weighs about 2,000 pounds. The capacity of the grader is from 150 to 200 cubic yards per hour.

Remarkable Surgery.

The science of surgery has made such wonderful progress in modern times, that the most intricate and delicate operations are now undertaken and carried to a successful issue. There are now several well authenticated cases of what is known as pneumotony, that is to say, the removal of deceased portions of the lungs in cases of consumption. While, however, this delicate operation has sometimes been successfully performed, the risks attending it are so great, and the chances of recovery so slight, that it is seldom resorted to. The safest plan in consumptive cases is to use Dr. Pierce's Golden Medical Discovery. This will always cure the disease in its earlier stages, thoroughly arresting the ravages of the terrible malady, by removing its cause and healing the lungs.

At the Rich hotel E. W. Attland, South Bend; John S. Jully, Frankfort, Ind.; W. E. Yeager, Lima, Ind.; Geo. Cox, Richmond, Ind.; J. Beach, E. B. Ensworth, F. B. Crosby, Toledo, Ohio, are registered.

A Sensible Man.

The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merit of this great remedy. Large bottles 50c and $1.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

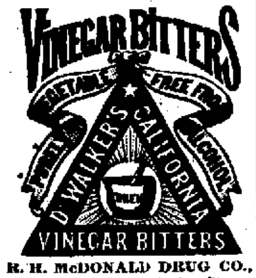

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

GOSSIP AS GATHERED

Around the Railroads and Busy Centers of the City Told in Our Reporter's Own Way.

The Bass works are making new iron doors for their core room oven.

The Jarbeau company went to Lafayette this morning on the Wabash.

John Rienmeyer is now conducting the repair blacksmith shop for the Bass moulding rooms.

Thomas C. Rogers, secretary and treasurer of the Olds wheel works, went to New York last evening.

The Wabash railway will change time Sunday. The time of passenger trains will not be materially affected.

Three of the children of Fred F. Vodde, moulder at the Bass works, are quite ill with whooping cough.

General Traveling Agent Callahan, of the Nickel Plate, was in the city yesterday, en route from Chicago to Cleveland.

M. W. Laner, of the Olds works, is making a mammoth covering for one of the wagons of the establishment. It is sixteen feet long.

The Grand Rapids and Indiana Railroad company did not purchase the water power at Rome City, and its sale is open for negotiation.

The Olds wheel works have sunk a new drive well in their yards for the purpose of supplying the boilers at the establishment with water.

Lewis Seibt, machinist at the Bass works, has returned from Bloomington, Ill., where he has been for a few months superintending some work for the firm.

The street running along the south side of the Wabash railroad, from the Olds wheel works and extending past the Bass works, is known as Toledo street.

James Hewes, the foreman of the Pittsburg boiler shops, who has been afflicted with rheumatism for so long, is able to be at the shops for a few hours each day.

Agent C. H. Newton, of the Wabash, has a beautiful advertisement of the company, in the shape of a gilded star and crescent hanging over his desk, at the freight office.

Frank Luley, foreman of the pattern department of the Fort Wayne iron works, is doing honors over the arrival of a pretty baby boy at his home, on East Jefferson street.

The boys at the Pittsburg blacksmith shops sang a song and chorus entitled, "Poor Pussy is Dead," when our reporter passed through their department this morning. The song was a grand one, but mournful.

Charles H. Hilton, superintendent of the arc department of the Fort Wayne Jenney Electric Light company, will remain with the company whose material interests he has so largely assisted in developing. Mr. Hilton is a good man for the place.

The Fort Wayne furniture company has lately filled some surprisingly big orders. Car loads of folding beds have been shipped to Syracuse, N. Y., and Seattle, Washington Territory, and a half car load will be sent within a week to Kansas City.

Mr. W. McK. Pardee, the division engineer, or Mr. S. K. Blair, the master of transportation of the Nickel Plate, will probably be made superintendent of the Nickel Plate if Mr. C. D. Gorham resigns that position to accept the superintendency of the Lake Shore.

Mr. Rudolph Hilgemann, the car repairer of the Wabash railway, was very pleasantly surprised last evening, by the St. John's church choir, of which he is member. The occasion was his 33d birthday. The evening was spent in social amusement, a grand supper being served, and at a late hour the company dispersed. Mr. Hilgemann was presented with a handsome hanging lamp by his friends.

H. C. DeHaven, of the Pittsburg car shops, who will be remembered as "the man with the loud voice," whose yell could be heard for miles around in the democratic processions during the late lamentable campaign, has received a letter from President Harrison, saying that he can have the janitorship at the government building, in this city, if he wants it. "Harrison," for that is Mr. DeHaven's first name, is thinking about the offer.

The Pennsylvania Railroad company have given notice of an important change in its ticket selling arrangements. On and after Monday next special tickets will be placed on sale for the use of parties. Ten or more persons in a party will be carried on one ticket at the rate of 2 cents per mile per capita. The present rate is 3 cents per mile without regard to the number of persons carried. The privilege is extended over the entire system of the road east of Pittsburg and Erie. The rate is the same as that allowed theatrical parties, and has heretofore been restricted to that class of passengers.

Dr. Flock, who is a familiar figure, and who is well known professionally by all the boys at the Pittsburg shops, was the attending physician of "Poor Pussy" during her last sickness and death. His remedy is invariably snuff, but in his last case the medicine did not seem to be adapted to the patient. The boys also want us to say that J. H. Sloan (Jim) was present at pussy's funeral, and that Peter Harber acted as minister.

JUDGE HENCH.

He is to be Succeeded by a Hungry Politician From Ohio.

The Washington *Critic* says:

"On yesterday the second installment of the war claim of the state of Oregon, filed against the United States, for money paid on account of the military forces in Oregon during the war of the rebellion, in the sum of $895,820, was disallowed and rejected by the law and miscellaneous division of the second comptroller's office. This action was approved by the Hon. Sigourney Butler, comptroller. During the past thirty days claims amounting to nearly a million dollars have been adjudicated by this division. Judge S. M. Hench, of Fort Wayne, Ind., who is the chief of this division, will be succeeded by a republican ex-judge from Ohio."

Pond's Extract has the Power to heal
The aches and pains and wounds we feel;
For forty years has stood the test,
And ranks for general use the best.
Ask every grandmother, mother and wife
What medicine best they've known all their life,
You will find that the popular verdict will be:
"O, give me POND'S EXTRACT!
POND'S EXTRACT for me."

F. P. Snyder, a detective from Jackson, Mich., passed through the city today, having in charge E. D. Wooley, of that city, whom he arrested near St. Louis, Mo., on a charge of forgery.

Wednesday afternoon, Peter Lavengood, an old and very highly esteemed citizen of Union township, Wells county, left his home to go to the residence of Mr. John Walker. He left the house shortly after noon and about 3 o'clock his lifeless form was found. Rev. A. K. Zartman, the pastor of the Grace church, was to have had a chicken for dinner at his home to-day, but no fowl graced his table and this is the reason: Last evening he purchased a nice fat hen, and as he was leisurely walking home with it in his hands, her heirship escaped and all the efforts of the clerical gentleman to capture it were in vain. THE SENTINEL reporter happened along just after the fowl's escape, but even a newspaper reporter and a minister together were unequal to the task of catching the runaway, which probably are this is housed in somebody's hen coop, who, when their eyes reads this item, will hasten to restore the lost to its owner, so that a chicken dinner may await the pastor when he returns from preaching his next Sunday morning's sermon.

Misfits!

What Are They?

In answer to the question: "What are Misfits?" we offer a few words of explanation. They are simply goods left on Merchant tailors hands for the reason they did not fit the parties originally intended for, or because they were not called for.

Where Do You Get Them?

This question is asked of us innumerable times. To this we also offer a few words of explanation. We have two men employed, who are constantly visiting the principal cities of this country, and buying up from the leading tailors any MISFIT or UNCALLED FOR garments they may have. These goods are purchased so we are enabled to sell them for ONE HALF there original measured price. They are cut in the latest style and in our shops, shown on the fashion plate, and are made from the very finest of imported and domestic fabrics. They consist of Prince Alberts, Three and Four Buttons Cutaways, Sacks and Full Dress Suits. Further comment is unnecessary. Call and convince yourself. We append below our price list as a guide.
